FLAT RATE SERVICE CHARGES

Service operations are divided into three classifications, each including more than enough expert work to bring the projector up to the classification specified. Work may be done at Bell & Howell, Chicago, New York or Hollywood, or an Approved Service Station.

The three classifications are as follows:

- Class A -- First Class Repairs.
Includes all of Class C plus replacement of all worn parts necessary to put projector or camera in first class condition mechanically and electrically.
- Class B -- Essential Repairs.
Includes all of Class C plus replacement of all worn parts necessary to put projector or camera in running order.
- Class C -- Cleaning, Lubricating, Adjusting.
Includes: (1) disassembling mechanism, (2) cleaning and lubricating all parts, (3) making necessary adjustments, (4) cleaning and checking one lens, (5) re-assembling mechanism, and (6) thorough inspection.

Note: The Flat Rate Service plan does not include the replacement of tubes, lamps, speaker cords, or line cords, nor does it cover equipment which has been abused, damaged or altered. Amplifiers operated on higher than recommended line voltages are also excluded.
